Sebastian Cyde

84 Barclay Road   07956323507   sebcyde@hotmail.com

My name is Sebastian and I'm passionate about all things JavaScript. I'm a hard working individual who cares about writing clean, effective code. I'm a self taught junior developer which proves my dedication and how much I love to learn new things. I'm currently looking for the right oppurtunity to work in an environment that will help me progress into a full stack role. **GitHub link: https://github.com/sebcyde**
